

# Active Schools Virtual Distance Challenge!

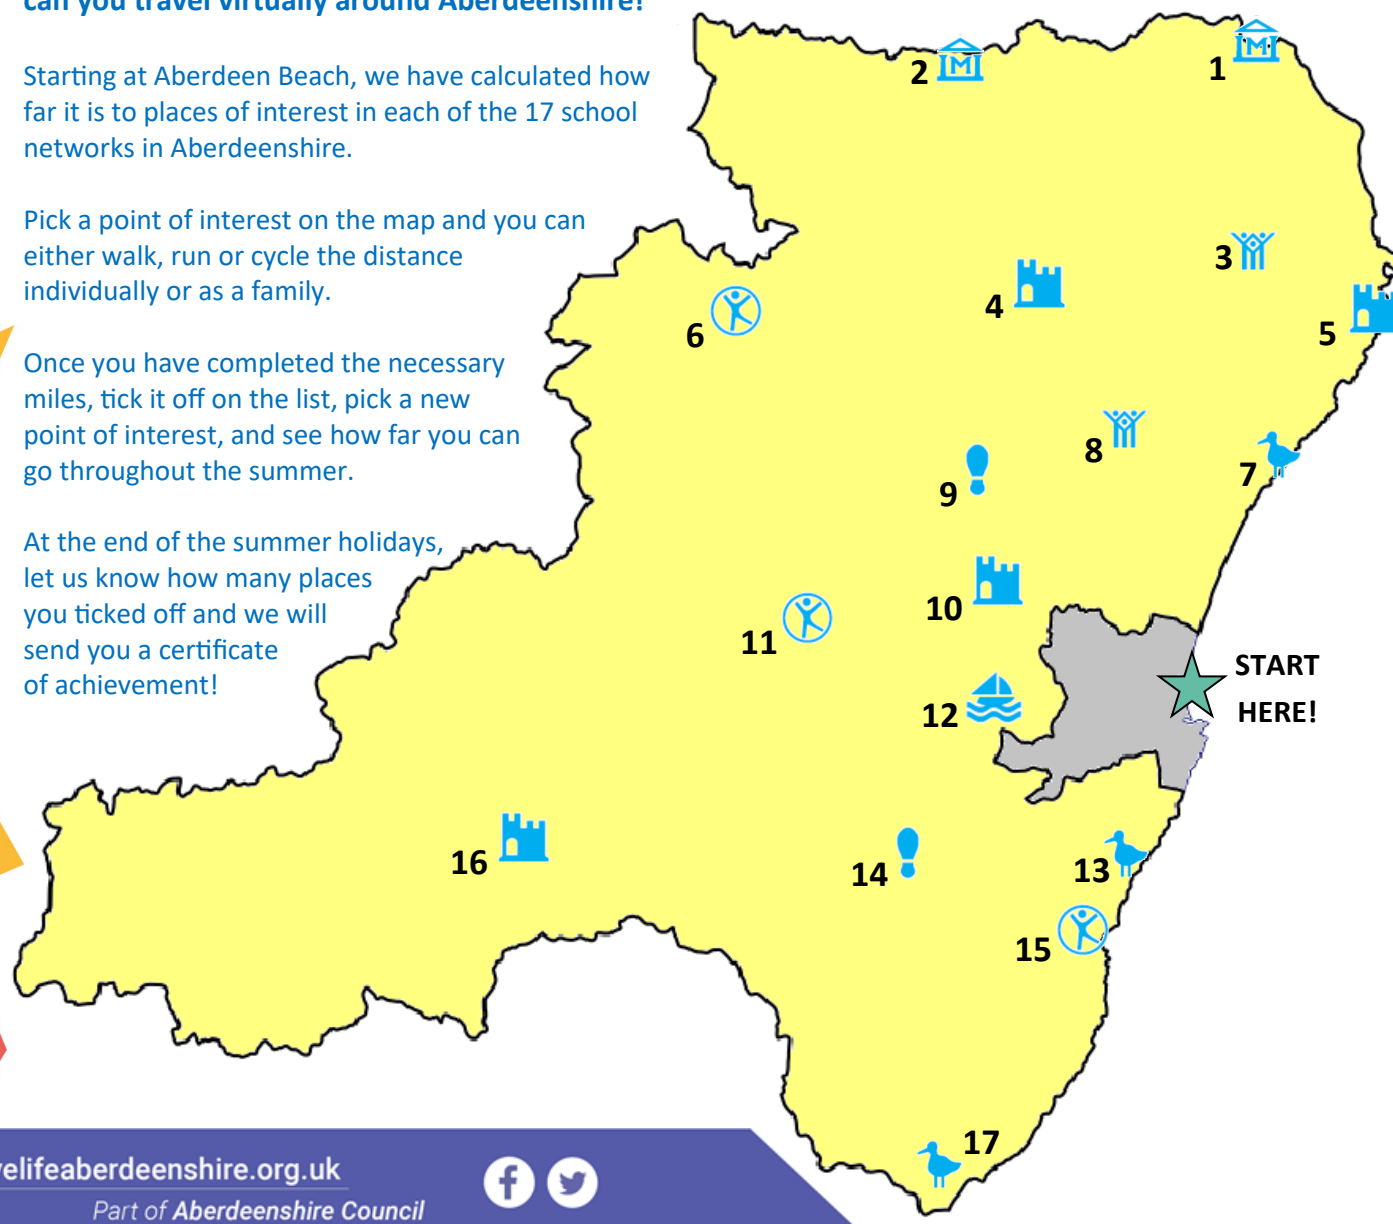

Over the course of the whole summer, how far can you travel virtually around Aberdeenshire!

Starting at Aberdeen Beach, we have calculated how far it is to places of interest in each of the 17 school networks in Aberdeenshire.

Pick a point of interest on the map and you can either walk, run or cycle the distance individually or as a family.

Once you have completed the necessary miles, tick it off on the list, pick a new point of interest, and see how far you can go throughout the summer.

At the end of the summer holidays, let us know how many places you ticked off and we will send you a certificate of achievement!

		Miles	✓
1	Fraserburgh Lighthouse Museum	41	
2	Macduff Marine Aquarium	43	
3	Aden Country Park	29	
4	Fyvie Castle	26
